

*Making a Difference
providing corrective surgery
for children born with
facial deformities,
nationally and worldwide*

Under the direction of Dr. Thomas Romo III, the Little Baby Face Foundation has recruited a team of world class surgeons and medical providers in fourteen specialties who provide their services *pro bono* to deliver the best corrective surgery and medical care to children with all types of facial deformities from around the world.

Joseph C. Licata, MD	Joseph Wolf, MD
Boaz J. Lissauer, MD	

Dr. Dilgareel *Paul Robinson*
weber

The team consults on each child and coordinates surgeries to minimize the invasiveness and number of surgeries. When possible, multiple procedures will be completed in single surgeries to reduce the number of times a child has to be hospitalized.
