

Dear Dr. Rizk:

You truly are a very special person. It is very obvious how much you love what you do and what you create.

You remind me of a little boy who rides a bike or creates a picture for the first time and how proud he is of himself and what he has done. Your little boy smile definitely helps as does your soft voice.

For the first time in years, I can breathe, smelling and not using nose drops. My nose looks natural and except for close people, no one realizes it is shorter and flatter.

You truly are the best and you will always be my hero. Thank you for making dreams come true.

Penny Tillman

P.S. You were right. I should've done it with my 1st surgery. Next time. I'll listen.
