Dear Doctor Risk,

What can you write to someone who literally changed my life? You are by far one of the nicest and most genuine human beings I have ever met and I'm blessed to have known you. You have a heart of gold, and a relentless passion to make people look beautiful to their greatest potential. You are a gifted artist, and a true pioneer in the world of plastic surgery. I can write forever telling you how much I love you, and how much you are needed in this world. You have a talent, and are a prodigy for facial reconstruction, and I'm glad I waited all these years to find you. It was well worth the wait. My words cannot describe what I feel in my heart. But I wanted to let you know that you are truly loved and appreciated endlessly. I'm always here if you need me!

Love,

J
